To the Hon Daniel M Fox,  
Dear Sir,

as I have been under medical treatment for nearly three months, and at present do not feel able to report for duty I feel obliged to make an appeal to you which I sincerely hope you will give the matter a favorable consideration. I would feel very sorry to loose my position on account of my health as I was very thankful to obtain it. I have an unmarried Daughter 27 years old, whom I have to support besides myself, who has and is now living with her Sister in Providence R.I. I would ask wether my appointment could be transfered to her, as she would be capable of filling my place. I have been living with my Brother in law Mr Alex Reinstine about four years,

and now that I am not enjoying  
good health, and not wishing to be  
a Burden to him, and having  
no other means of support, I am obliged  
to make this appeal to you, knowing  
your kindness, of Heart, and Charitable  
acts, hoping you will think favorable  
of it, thanking your Honor for the  
kindness in permitting me to Remain  
at home for a short time also through  
the kindness of Miss Laura Correll asking  
you, in my behalf, I am very  
Respectfully
